for the Year Ending June 30, 1963**

TRIBUTE TO THE OLD ALEXANDER-EASTMAN HOSPITAL

This spacious mansion was built about 1849 by Mr. Benjamin Eastman. It remained continually in the hands of descendants of the Eastman family until 1933 when Mrs. Charles H. Hood, grand-daughter of Benjamin Eastman, gave the estate to the Alexander Hospital Corporation. It was opened to the public as a hospital in August 1934, having been remodelled for the purpose with funds bequeathed by Dr. Harrison Alexander.

REPORT OF THE PLANNING BOARD

By legislative authority of the State of New Hampshire, the Town of Derry has established a Planning Board whose operation is to make reports and recommendations relative to the planning and development of the Community, also to approve or disapprove subdivision plans of land. Last year the board held approximately thirty official meetings to review some twenty-nine subdivision plans and approve a final twenty-five said plans.

At the 1963 Town Meeting, the Planning Board asked for and was granted a sum of money to acquire the assistance of a professional planning and consulting firm to create a master or comprehensive plan of the town.

The contract was awarded to the Planning Services Group of Cambridge, Mass., with Mr. Justin Gray in charge of the program. This program was to get off to an early start in April or May of this year with Mr. Elliot Hansen of the Department of Resources and Economic Development of the State of New Hampshire, as assistant Planning Director.

On May 8th, the Planning Board was notified of the sudden death of Mr. Hansen and before the State Dept. of Economic Development could find and train qualified personnel, many months passed by before our request could be sent to Washington for the necessary approval of funds.

In July, Mr. Randall Raymond joined the staff of the Division of Economic Development as assistant Planning Director and by December, our plan had been approved and returned from Washington and the board feels that the plan will move ahead very rapidly early in 1964.

Respectfully submitted,

Wallace Kimball, Chairman
Arthur Hobsch, Secretary
Howard Dearth
John Schurman
Edward Bureau, Legal Advisor

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Derry qualified to vote in town affairs:

You are hereby instructed to meet at the Veterans Memorial Building in said Town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

By vote of the Selectmen, the polls for this meeting will remain open from ten o'clock in the forenoon until seven-thirty o'clock in the afternoon, and as much longer thereafter as the Town, at the opening of the meeting, may vote.

1. To elect a Selectman for three years, Town Clerk, Treasurer, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Cemetery Trustee, Auditors, Delegates to the Constitutional Convention, and other necessary Town officials for the year ensuing.

2. To see if the meeting will vote to continue the action on all further articles in this warrant to Saturday afternoon, March 14, 1964, at 1:00 p.m., at the Grinnell School in said Town of Derry, and pass any vote relating thereto.

3. To vote to raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for suppression of moths, for police department and municipal court, the Derry District Court, for hydrant service and electric lights, for salaries of Town Officials, for the Board of Health, for the expense of the Town Hall, for support of the libraries, for State and County taxes, for the observances of Memorial Day, for aid to the Derry Visiting Nurse Association, for playground purposes and for band concerts, for co-operating with the State and Federal governments in the control of insect pests and white pine blister, and for all necessary charges arising in said Town, and pass any vote relating thereto.

4. To see if the Town will authorize the Selectmen to sell at public auction and convey any real estate acquired through deeds furnished to citizens, providing that in the case of tax deeded real estate the previous owner, or his or her heirs, if known, or its successors and assigns in the case of a corporation, shall have the first opportunity to purchase the same, and pass any vote relating thereto.

5. To see if the Town will vote to authorize the Selectmen to incur debts for temporary loans in anticipation of taxes of the municipal year in which such debts are incurred and made payable therefrom, by such vote, and pass any vote relating thereto.

6. To see if the Town will vote to adopt the provisions of Revised Statutes Annotated, Chapter 80, Section 52-a, providing for the prepayment of taxes, and authorize the Collector of Taxes to accept payments in prepayment of taxes, and to further allow the Collector of Taxes to discount taxes according to the following schedule or such other schedule as the meeting may determine, fix the rate of such discount, and pass any vote relating thereto. The Selectmen recommend the following schedule and discount: 2% discount on taxes prepaid in full, or installments of not less than \$100.00, prior to July 1, 1964; 1 1/2% discount on installment payments of taxes of not less than \$10.00 per payment until July 1, 1964; 1% discount on installment payments of \$10.00 or more until October 1, 1964, or until the tax bills are issued; and a 1% discount from the time that the tax bills are issued until October 1, 1964.

7. To see if the Town will vote to transfer from the MacGregor Fund in the hands of the Trustees of Trust Funds the sum of \$500.00, to be expended during the summer of 1964

for band concerts at MacGregor Park, and pass any vote relating thereto.

8. To see if the Town will vote to raise and appropriate the sum of \$1475.43 for aid under Apportionment A of Town Road Aid Plan to match a State appropriation amounting to \$9836.22 for the purpose of construction and re-construction of Class IV and Class V highways, and pass any vote relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of \$6270.00 for aid under Apportionment B of Town Road Aid Plan to match an appropriation by the State of \$6270.00 for the purpose of construction and re-construction of Town highways as provided for in said Town Road Aid Plan, and pass any vote relating thereto.

10. To see if the Town will vote to raise and appropriate the sum of \$277.54 for membership by the Town in the New Hampshire Municipal Association, and pass any vote relating thereto.

11. To see if the Town will vote to raise and appropriate the sum of \$250.00 to be used in co-operation with the State and Federal funds for the control of White Pine Blister Rust within the confines of the town, and pass any vote relating thereto.

12. To see if the Town wishes to adopt the recommendation of the Budget Committee that \$1000.00 be transferred from parking meter receipts to the Police Department for the purpose of patrolling the meters, that the sum of \$1820.00 from parking meter receipts be transferred to the Highway Department for the purpose of cleaning about the meters, that the sum of \$780.00 for meter maintenance, the sum of \$3800.00 for new meters, and the sum of \$200.00 for parking lots be transferred to the Selectmen, and that any balance of meter receipts be transferred to the Trustees of Trust Funds to be added to the capital reserve funds, and pass any vote relating thereto.

13. To see if the Town will vote to raise and appropriate from general taxation the sum of \$25000.00 to be used by the Selectmen, with general sewer funds, to pay part of the bonded indebtedness of the Town for sewers, which amounts are \$60000.00 principal payment and \$22230.00 interest payment, and to further vote that any unexpended balance of appropriated funds left at the end of the year be transferred to the Trustees of Trust Funds for a sewer capital reserve fund, and pass any vote relating thereto.

14. To see what action the Town wishes to take on the following question: "Shall sweepstakes tickets be sold in this town?" (This question must by law be voted on by ballot.)

15. To see what action the Town wishes to take on the following question: "Do you favor adoption of the Town Manager Plan as provided in Chapter 37, and amendments thereto, of the Revised Statutes Annotated? (This question must by law be voted on by ballot).")

16. In the event that the Town Manager Plan is adopted by the voters, to see if the Town will vote to set the salary and expenses for the Town Manager at a figure not exceeding \$8000.00 for salary and a figure not exceeding \$500.00 for expenses, and vote to raise and appropriate such proportion of said salary and expenses as the Town may determine is needed for the year 1964, and pass any vote relating thereto.

17. To see if the Town will vote to fix the salaries of the officers and officials of the Derry District Court as follows: \$1800.00 for the Justice thereof, \$900.00 for the Clerk thereof, and \$500.00 for the Special Justice thereof, and pass any vote relating thereto.

18. To see if the Town will vote to raise and appropriate for the expenses of the Derry Municipal Court from January 1, 1964 through June 30, 1964, as follows: \$600.00 for the Justice thereof, \$250.00 for the Clerk thereof, and \$100.00 for the Special Justice thereof, and to raise and appropriate, for the officers and personnel of the Derry District Court from July 1, 1964 through December 31, 1964, the sum of \$900.00 to pay the Justice thereof, the sum of \$450.00 to pay the Clerk thereof, and the sum of \$250.00 for the Special Justice thereof, and pass any vote relating thereto.

19. To see if the Town will vote to authorize the Board of Water Commissioners to discontinue the allowance of fifty (50) feet of water main to each customer user on water main extensions made after April 1, 1964 in accordance with specifications of the Board of Water Commissioners, and pass any vote relating thereto.

20. To see if the Town will vote to authorize the Selectmen to borrow a sum not exceeding \$48000.00, by the issuance of serial negotiable notes of the Town of Derry as authorized by the provisions of Revised Statutes Annotated 1955, and any amendments thereto, to fix the term of said notes in equal annual installments for a period of not over four years, and to fix the rate of interest to be paid thereon, the place of payment and other details of said notes, the proceeds from said loan to be expended in the year 1964 by the Water Department for the purpose of extension of the water system of the town. The determination of the project or projects to be undertaken shall be made by the Selectmen after consultation with the Water Commissioners and the Planning Board: and pass any vote relating thereto.

21. To see if the Town will vote to authorize the Selectmen to employ a full time assessor, who shall also serve as a building inspector, and pass any vote relating thereto.

22. To see if the Town will vote to raise and appropriate for salary and expenses of the Assessor-Building Inspector, in the event that the preceding article is adopted, a sum not exceeding \$7500.00 as salary and a sum not exceeding \$500. for his expenses, and pass any vote relating thereto.

23. In the event that the two preceding articles are not adopted, to see if the Town will vote to employ the State Tax Commission or private consultants to revalue all of the taxable property of the Town, the funds therefor to be raised by issuance of serial notes of the Town in an amount to be determined by the Selectmen in accordance with the cost of the project, said amount not to exceed \$30000.00, the Selectmen to fix the term of said notes in equal annual installments for a period of not over three years and to fix the rate of interest to be paid thereon, the place of payment, and other details of said notes, and pass any vote relating thereto.

In the event said revaluation cannot be commenced in 1964 due to prior commitments of the State Tax Commission or private consultants, said money is to be borrowed, an agreement made for the revaluation, and the proceeds of said loan put into a capital reserve fund to be expended by the Selectmen under the terms of the revaluation contract.

24. To see if the Town will vote to raise and appropriate a sum not exceeding \$1500. for Civil Defense, the Selectmen to have final approval power of all expenditures by the Civil Defense Director exceeding \$800.00 and pass any vote relating thereto.

25. By petition, to see if the Town will vote to raise and appropriate the sum of \$500.00 for the use of the Spacetown Cadets Drum and Bugle Corps, Inc. to help keep the group active and able to represent and advertise the Town of Derry in appearances throughout the region, and pass any vote relating thereto.

26. By petition, to see if the Town will vote to raise and appropriate a sum not exceeding \$2500.00 for the purpose of installing and maintaining a chlorination system for the water of Hood Pond at Hood Pond Park, and pass any vote relating thereto.

27. By petition, to see if the Town will vote to install angle parking on the South side of Broadway, from the vi-

cinity of Central Street to the vicinity of Birch Street, and, though no added costs should be involved, to raise and appropriate the amount of money necessary to complete the project and that the work be completed before May 28, 1964, if possible, and pass any vote relating thereto.

28. By petition, to see if the Town will vote to raise and appropriate a sum of money sufficient to pay a policeman the prevailing police wage in Derry, said sum not to exceed \$4500.00, for the purpose of employing a policeman to patrol Broadway on foot during such part of the night as the Chief of Police after consultation with the Selectmen shall direct, and pass any vote relating thereto.

29. By petition, to see if the voters of the Town will authorize the Selectmen to sell (consideration \$1.00) or negotiate on a long term lease to Lester W. Chase Post #9, the premises now known as Veteran's Memorial Hall, Broadway, Derry, New Hampshire, and pass any vote relating thereto.

30. By petition, to see if the Town will vote to amend the Sewer Ordinance of the Town of Derry, dated October 1, 1958, as follows:

By adding the following new section: "Section 304a: Any sewage disposal system, private or public, requiring the use of a lagoon shall have the lagoon situated a minimum of 600 feet from the closest abutter or from any dwelling on the property requiring the construction of the lagoon. Any lagoon shall be fenced to a minimum height of six feet with a fence suitable for keeping children and small animals out of the lagoon. All gates shall have suitable locks. Any lagoon shall be designed and operated in such a manner that offensive odors shall not go beyond the reserve area separating the lagoon from dwellings nearby or to the land of other owners."

Amend Section 103 by deleting the same and substituting the following section therefor: "Section 103: 'Sewage' shall mean a combination of the water-carried waste from residences, commercial business buildings, institutions, farming operations and industrial establishments, together with such ground, surface and storm water as may be present."

Amend Section 122 by inserting the following definition: "Section 122: 'Lagoon' shall mean a pond of engineering design for the purpose of receiving raw or treated sewage or effluent from any primary system such as Septic or Imhoff tanks."

31. By petition, to see if the Town will vote to centralize all departments of the Town, with the exception of the School Department, under the Office of the Selectmen, and pass any vote relating thereto.

32. By petition, to see if the Town will vote that any and all expenditures of \$500.00 or over to be made by the Town be put out for competitive bids and the contract awarded to the lowest qualified bidder; provided, however, that at least three (3) bids must be received before a contract is awarded, and pass any vote relating thereto.

33. To hear the reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

34. To appoint any necessary committees on any article embraced in this warrant.

35. To transact any other business that may lawfully come before such meeting.

Given under our hands and the seal of the Town of Derry, this 24th day of February A.D. 1964.

Donald Bentley
R. Dana Smith Selectmen of the Town of Derry

LIBRARIAN'S REPORT

We are pleased to report that our circulation continues to rise, with a total gain of 7,379 more books being loaned than in the previous year. We find a great gain in our juvenile and young adult section, with a gain of 3,561 books being loaned this past year.

Our registrations have also increased, with a total of 520, as compared to 335 of our last report.

The Bookmobile visits the Library five times a year and we have borrowed 1,854 books for our readers.

We have made 374 direct requests to the State Library, which is an increase of 205 more than last year. This ser-

vice has sent us 622 books because of this direct correspondence. By using this means of supplementing our own collection, we are able to serve our readers more efficiently.

To our Reference shelves have been added: a new set of Compton's 15 volume Encyclopedia, Compton's Science Dictionary; the 2 volume World Book Dictionary, the 7 volume set of Lands and People, and various other reference books.

"Weeding" still continues, with worn-out and obsolete books being replaced as soon as possible.

Throughout the past year we have had many exhibits and displays; to name a few, paintings and handicrafts by individuals and groups; work done by school children; and displays honoring historical and local events.

The Sweet Adelines continue to use the Library, and various Clubs often hold their executive board meetings in the mornings.

We are indeed most grateful to the many organizations and individuals who have donated books this past year: to the Derry Woman's Club, the Junior Derry Woman's Club, Kiwanis Club, Derry Reading Club, Girl Scout Troop 1, and many citizens of our town.

Our sincere thanks again is offered to the Derry Garden Club for the beautiful Christmas decorations, and for flowers given throughout the summer months.

With the ever increasing use of the Library by the students from all schools, we continue to offer our cooperation to the teachers.

My hearty thanks and much appreciation to my two assistants: Mrs. Ruth Johnson and Mrs. Mildred Ingalls, for their continued efficiency and support.

The Derry Public Library is your Library and we hope you will visit us. We shall continue to do all we can to serve the public in as efficient and satisfactory manner as possible.

The Library hours are as follows:

Monday through Friday 2:00 to 8:00

Saturdays 2:00 to 5:00

Respectfully submitted,

(Mrs. Norman Ashton)
Librarian

TAYLOR LIBRARY

1963 Appropriation

2,200.00

Expenditures

Shepard, Alan B., Treas.

2,200.00

REPORT OF THE TAYLOR LIBRARY

The Taylor Library has had a very successful and rewarding year. The circulation has continued to increase and more people are making use of the Library than ever before. Four hundred and seventeen more books were loaned than last year.

Each year more reference material is being made available to the students. We have added two new sets of encyclopedias to our shelves. The World Book Encyclopedia published by Field Enterprise Educational Corporation and Collier's Encyclopedia published by Crowell-Collier Publishing Co. We are sure they will prove satisfactory to everyone.

National Library and Book Week were observed with posters and special displays of new books.

The Christmas tree, decorations and new books were enjoyed by all our visitors.

The State Bookmobile has called every ten weeks throughout the year. We have borrowed a total of eight hundred and forty seven books, both fiction and non-fiction for our readers.

We wish to thank the Church of Jesus Christ of Latter Day Saints for donating eight volumes to our Library.

I would like to give special thanks to those who helped to keep the library open during my eight weeks of absence in the fall.

The Taylor Library is open on Tuesdays from 2:00 until 5:00 and 7:00 until 9:00 and on Thursdays from 2:00 until 5:00 and 7:00 until 8:00.

Respectfully submitted,
Ruth A. Varney
Librarian

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience -- a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump -- it's safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District in the Town of Derry, New Hampshire, qualified to vote in district affairs:

By vote of the School District at the April 18, 1962 meeting, it was voted to elect the school district officers at the annual Town Meeting of the Town of Derry. A separate meeting is being called for this purpose under a separate warrant.

You are hereby notified to meet at Grinnell School in said District on the 5th day of March, 1964, at 8:00 o'clock in the afternoon to act upon the following:

1. To hear the reports of agents, auditors, committees, or officers chosen and to pass any vote relating thereto.

2. To see what sum of money the district will vote to raise and appropriate for the support of the schools, for the salaries of the school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance be-

tween the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

3. To see if the district will vote to authorize the school board to accept in the name of and in behalf of the school district gifts for the use of the schools.

4. To see if the district will vote to authorize the school board to make application for and to accept on behalf of the school district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire.

5. To see if the district will authorize the school board to arrange for the annual audit of school accounts by the Municipal Accounting Division of the New Hampshire State Tax Commission and pass any vote relating thereto.

6. To see if the district will vote to raise and appropriate, in addition to the original appropriation for 1964-65, a sum of seven thousand three hundred seventy five (\$7,375.00) dollars to be made available to the school district prior to July 1, 1964 in order to meet unanticipated obligations.

7. By Petition: To see if the budget committee will include in the budget a sum of money. Said money to be used to provide bus transportation for students attending Pinkerton Academy, the school board to enter this petition in the school warrant.

8. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry, this 19th day of February, 1964.

L. W. Burdick, Jr.

School Board

SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District in the Town of Derry, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Veterans Memorial Building in said Town on the 10th day of March 1964, at ten o'clock in the forenoon, to act upon the following:

By vote of the School Board, the polls will remain open from ten o'clock in the forenoon until seven o'clock in the afternoon, and as much longer thereafter as the District, at the opening of the meeting may vote.

1. To choose a moderator for the ensuing year.
2. To choose a member of the school board for the ensuing two years.
3. To choose a member of the school board for the ensuing five years.

Given under our hands at said Derry, this 24th day of February, 1964.

SCHOOL BOARD REPORT

School problems continue -- the struggle to give young people top notch education and still hold the line on spending. Increased pupil enrollment, higher standards of education and teachers salary increases for competent instruction are three very important factors that cannot be overlooked.

After carefully scrutinizing our budget, thinking both of the education of our students, and the burden on our taxpayers, it has been impossible to avoid an approximate increase of \$61,000.00. Of this \$9,000 is for two additional teachers, \$15,650 for teacher salary increases, and \$35,841 for tuition increase. Increased enrollment calls for an additional third grade this coming year, also we must add one English teacher to the staff at Hood Junior High. Tests and surveys prove to

us that a reading class is badly needed at the Junior High level.

Our 1961 salary schedule has had to be updated to meet present salary schedules in our neighboring communities, thus enabling us to be able to secure and keep an efficient teaching staff. New Hampshire hopes to attain a salary spread from \$4500 to \$7200. Mindful of our tax burden this goal seemed impossible. After careful study and consideration we are presenting the following new schedule for your consideration:

<u>Experience</u>	<u>Step</u>	<u>Bachelor</u>	<u>Masters</u>
0	1	\$ 4500	\$ 4800
1	2	4700	5000
2	3	4900	5200
3	4	5100	5400
4	5	5300	5600
5	6	5500	5800
6	7	5700	6000
7	8	5900	6200
8	9	6100	6400
9	10	6300	6600
10	11	6500	6800

The building survey committee reported to us on January 15th that they have reached no definite conclusions as to what is needed in Derry in the way of school housing. Therefore we find it advisable at this time to postpone any plans for building until next years budget so that there will be time to study and present a more accurate picture to you. This will mean that we must use outside facilities for our extra classes this coming year, but to act in haste now could very well mean living with a mistake for many years to come.

Looking at our past year we would like you to note some accomplishments that have been made with your tax dollar. We are very proud to announce the establishing of a modern reading program in our schools from grade one through grade 6. Although at this time it has been in effect for only a half year, we feel that the need for it is great and that the results will more than justify this program. For this reason we have planned to expand the reading program through Junior High for the coming year.

Reading rooms have been established at Floyd and Grinnell Schools, book cases have been added to some of the rooms, treadle-type sewing machines have been replaced with electric ones, the entire roof at Derry Village School, and the gymnasium roof at Grinnell School have been replaced. As preventative maintenance classrooms and locker rooms have been painted, one floor each at Floyd and Derry Village School have been tiled, and desk tops have been sanded and refinished.

The board has adopted the policy of placing all large items out to bid. This past year the oil, gas, milk, floor tiling and roofing were put out to bid. At the expiration of the present transportation contract this again will be put out to bid. Both the bids and the announcements regarding the awarding of bids have been published. Your school board has attempted to keep the public informed through continued cooperation with the press in making information available regarding the operation of your school system.

An article is included in this year's school warrant to appropriate \$7,375.00 to eliminate a deficit. The deficit has accrued over the past several years and has been temporarily overcome by withholding payment to the Director of Internal Revenue for the last quarter of the year (due in June for tax on teachers and employees payrolls) and paying it out of the following year's budget money. This amount grew over the years to around \$11,000. It was reduced last year to \$7,375.00 as reported to the Budget Committee. To continue this practice of not paying this account until the beginning of the next fiscal year would be false economy and not within the board's policy of presenting a true and accurate budget to the Budget Committee and the taxpayers.

Our sincere thanks go to the Derry Lions Club for their donation of a vision testing instrument to be used in the Derry School System, also to the New Hampshire Electric Company for the electric stoves for use in the Junior High home economics program. Stoves are replaced periodically, free of charge, through a General Electric education plan and the courtesy of the New Hampshire Electric Company. We are grateful for the valued contributions made by the P.T.A.'s and the P.T.O. to expand our educational opportunities.

The School Board wishes to extend its grateful appreciation to Superintendent Robert Dolph and Assistant Superintendent Ira Stickney for their outstanding work in the educational processes and accomplishments of our school system.

Respectfully submitted,

Leander W. Burdick
Anna D. Stevens
Milton F. White
Helen L. Bachelder
Barbara L. Gratton

SUPERINTENDENT'S REPORT

To the School Board and the Citizens of Derry:

I am presenting herewith my first annual report as Superintendent of Schools in Derry. Reports from the Assistant Superintendent, Principals, Reading Consultant, Special Class Teacher, and Nurse will discuss in more detail the activities with which they are concerned. Statistical reports are listed separately at the end of the report.

Personnel:

This was a year of change and many teachers moved or shifted positions. The Floyd School retained but 4 of the 8 teachers employed there last year. One of the 4 remaining teachers was taken ill early in the fall after the start of the school year and passed away. Mrs. Mavis Rutledge is sadly missed by those who knew her and especially by the children whom she taught. We were fortunate to secure the following teachers to fill out the Floyd School Staff:

Grade 4. Miss Dawn Clancy Mt. St. Mary College
Grade 1. Mrs. Barbara Hill Rivier College
Grade 3. Miss Eleanor Charette Univ. of N.H.
Grade 2. Miss Ann Doughty Perry Normal School
Grade 3. Mrs. Gertrude Smith Plymouth Teachers Col.

The changes at the Hood School were due chiefly to the placement of the 9th grade in Pinkerton Academy which necessitated reducing the Junior High staff. New members to the Hood faculty include:

Mrs. Sylvia Currier, graduate of University of Vermont, with teaching experience in Springfield, Vermont.

Miss Norma McKay, graduate of Keene Teachers College with teaching experience in Connecticut.

Mr. Thomas Graham, a Keene Teachers College graduate with teaching experience in Connecticut.

The removal of Grade 9 to Pinkerton Academy vacated four classrooms which became available to the four 6th grades that moved over from the Grinnell School. New teachers:

Mrs. Elizabeth Craven, a graduate of Keene Teachers College, previously taught in Derry.

Mr. Joseph Crowley, a graduate of Boston College.

Mr. Gerald Smith, a graduate of Merrimack College.

We were also fortunate to secure the services of Mrs. Margaret Aldrich as part-time secretary.

With the resignation of Mr. Giangrasso, his position as Music Instructor was filled by Mr. Nicholas Tgetis, a graduate of N.E. Conservatory of Music, with experience in Bennington, Vermont.

Additional grades opened at the Grinnell School due to the increase in enrollment. The following teachers were added to the staff:

Grade 1. Mrs. Nancy Webster, a graduate of Gorham State Teachers, with teaching experience in Augusta, Me.

Grade 1. Mrs. Eleanor Graham, a graduate of Keene Teachers College, with teaching experience in Concord, N.H. and Connecticut.

Grade 2. Miss Marilyn Stone of Groveland, Mass., a graduate of Perry Normal School of Boston.

Grade 3. Miss Sandra McKeen of Plaistow, a graduate of Keene Teachers College.

Grade 3. Mrs. Phyllis Randall, graduate of Keene Teachers College.

Grade 4. Miss Pearl LaValley of Claremont, a graduate of Keene Teachers College.

Mrs. Helen Riddervold is employed as part-time secretary.

Mrs. Viola French, a Grade 5 teacher at Grinnell School retired at the close of school in June. She had served the youth of Derry for more than 34 years. The School Board honored her retirement when they presented her with a plaque noting her service to the community. The Teachers Association honored Mrs. French with a gift presented at a luncheon.

The Derry Village School's only change was the return of Mrs. Blunt who had been at Grinnell School teaching an additional first grade.

As we replace and add additional teachers each year it is important that we review our salary guide or schedule constantly so that we may compete favorably with neighboring communities both as to minimum and maximum salary. The success of the pupils depends to a great extent on the caliber and worth of the teachers. When we are in a favorable position salarywise we will obtain teachers of high caliber and potential.

Professional organizations such as the National Education Association, New Hampshire Education Association and the local Teachers Association are most important and our teachers are showing renewed interest as evidenced by the reorganization of the local Union #10 Teachers Association under the presidency of Mr. Angelo Pantelli, a Grinnell teacher. This organization has shown great interest and enthusiasm since the opening of school in September.

The teachers have proposed a salary schedule for next year to which the School Board made revisions and suggestions. This schedule now is very realistic and compares favorably with schedules in other cities and towns in the area. Such a schedule permits us to hire well-qualified teachers and encourages our younger teachers to stay with us and rewards our older teachers for their many years of experience. A feature of the salary schedule requires teachers to seek additional credits periodically in order to advance on schedule.

Housing: Your School Board with foresight places an article in the last school warrant to provide for the appointment of a housing needs or survey committee. The School District Moderator appointed the following citizens:

Leander Burdick	William Howard	John Perroni
Robert Carborle	Barbara Jacobson	Leo Pieroni
Ruth Clay	George Pappas	Irving Shemeld

The committee chose Mr. George Pappas of Derry Village as Chairman. It is expected that a report and recommendations will be given to the School Board and to the District at the Annual Meeting.

I feel that the school housing situation is fast approaching the critical stage and plans should be made for more housing within another year. Increased enrollments will cause a need for an extra classroom next September that we do not now have.

Your School Board has continued to improve and maintain the physical conditions of all buildings and grounds.

Curriculum: The new class in Special Education is proving its worth and we are indeed fortunate to have it in our system. It provides a special education for boys and girls that cannot be given in the regular classroom. The teacher, Miss Linda Gradual of Salem, N.H., a graduate of Keene Teachers College, with experience in Connecticut, is one of the few teachers to be fully qualified in the area of Special Education graduating from Keene.

The school district is taking advantage of the National Defense Education Act which provides matching funds in the areas of Math, Science and Foreign Language materials and equipment for the classroom.

The School Board has authorized the purchase of many new textbooks to bring the basic text series up to date, many were over 10 years old.

Many meetings for the inservice training of teachers have been held in the areas of Spelling, Reading, Arithmetic and Handwriting.

One important step in the area of curriculum improvement is the appointment of a Reading Consultant. We are most fortunate to have the services of Mrs. Helen Higgins of Derry, who not only works with students, but also with teachers in the area of Reading.

I am sure that we are aware of the new methods and ideas being tried and used in Education but more important we are most interested in doing the job of educating children better without Frills and Fancies.

We are happy with the progress that has been made in cooperation with Mr. Hackler and the teachers at Pinkerton Academy. One resulting agreement is the allowance of high school credit for satisfactory completion of Algebra 1 in the 8th grade. Another progressive step is the completion of French 1 requirements after 2 years of work; Grade 7 - 1/2 of French 1, Grade 8 - 1/2 of French 1. These innovations will enable pupils of high potential and ability to take more advanced courses in high school in the fields of Math and Language.

Our hope for the future is to have an even closer relationship between our Junior High teachers and the Pinkerton faculty which will result in teachers meetings, curriculum study, and the exchange of ideas, all to the betterment of education for the boys and girls of Derry.

Appreciation: Appreciation is gratefully extended for the support of all local clubs, organizations and individuals, helping at schools, honoring special groups, individuals, looking after the health and welfare and recreation of the school children, providing needed books, equipment, etc. is very appreciated and I wish to extend my thanks for what is done for the boys and girls.

In conclusion I wish to thank the School Board for their help, guidance and understanding. They have given freely of their time and their efforts to make a difficult job easier and is most appreciated. I also wish to thank the Principals who have been most helpful in taking charge of their respective buildings; the teachers who have cooperated with the Principals in carrying out the changes that have been made; and the pupils and parents for their cooperation in working at all times for a better educational program.

Respectfully submitted,

Robert W. Dolph, Superintendent

REPORT OF THE ASSISTANT SUPERINTENDENT

It Is my pleasure to present this report to the Citizens of Derry for the year ending June 30, 1963.

It appears to me that Derry and its surrounding regions must start making plans for a very interesting, challenging period of growth. With proper planning and foresight this can work to the advantage of our educational system.

It needs above all, the thoughts from, and the advice of, our total population.

The mechanics of such a study are an actuality and progress is being made by your Committee appointed in 1963 to report its findings and recommendations in 1964. It seems that a group or Committee of this nature would be a necessity for the foreseeable future.

The housing situation in terms of Hood Memorial Junior High was not improved by the removal of the ninth grade because of the need of placement of our sixth grade in that building.

There are several philosophies concerning the structure of a Junior High but few advocate the associations necessary in placing sixth grade students with those of a departmentalized grade seven and eight.

There are several areas of our curriculum that need consideration at Hood as soon as possible, they are as follows:

1. Reading - an extension of the reading program through grades 7 and 8.
2. Languages - The expansion of the Audio Lingual Method, recently adopted at Pinkerton Academy, to include both grades 7 and 8 and more division at each level.
3. Mathematics - A move to Modern Mathematics in all grades including 7 and 8 to better prepare our students for secondary level.
4. Library - There is a vital need for this service which is commonly recognized as the very heart of any educational programs.

The world of competition in education is changing and intensifying so rapidly that it is almost impossible for our generation to realize the pressures on our young people.

In terms of easing these pressures we must, considering all things, and to the best of our ability, try to improve their chances of success in competition for education, jobs and even survival.

I wish to take this opportunity to thank the people of Derry, the School Board, Mr. Dolph and members of the faculty and staff for making this a very pleasant year.

Respectfully submitted,

Ira A. Stickney
Assistant Superintendent

REPORT OF THE DERRY VILLAGE SCHOOL

To the Derry School Board and Superintendent of Schools:

As school opened this last September there was still another change in the set-up. Instead of there being three grades in each room there was to be two grades in each room. This, of course, has been brought about because of our ever increasing enrollment.

Another change was in the teaching staff. Mrs. Smith, who has gone back to the Floyd School, was replaced by Mrs. Blunt.

The cafeteria was completely done over during the summer.

A new series in Mathematics has been introduced in all grades from 1-4.

The pupils enjoy one period a week with our new music instructor, Mr. Tgettis.

Mr. Ingalls, our custodian, keeps us warm and clean. He also does many errands for us.

I would like, again this year, to thank all who have helped us in any way.

Respectfully submitted,

Alice Follansbee
Derry Village School

REPORT OF THE GRINNELL SCHOOL

To the Derry School Board and the Superintendent of Schools:

As of this writing, the enrollment of Grinnell School is 408. The enrollment at the writing of the annual report last year was 473. There are no classes in this school with an enrollment of over 35, a situation which certainly enhances teaching conditions and allows for greater consideration of individual differences.

Our overcrowded conditions were alleviated to a great degree with the transfer of the entire 6th grade to the Hood School.

I consider myself most fortunate in having such a willing and able staff. Their cooperation and dedication are chiefly responsible for the fine quality of education found in this building. Included in this staff are six new teachers.

We have inaugurated this year a Special Class under the able direction of Miss Linda Gradual. This class, which is housed at Hood School, with the cooperation of Mr. Littlefield, provides that specialized individual teaching which is absolutely essential for those children assigned to it.

Mrs. Helen Higgins is our Reading Consultant. Her interest in the reading program extends from the child to the teacher in that she works with groups of children in remedial work and observes and consults with teachers on the progress of the reading program. Her assistance and cooperation have been most invaluable.

Since Mrs. Helen Riddervold has assumed the position of part-time secretary and has relieved me of much of the detail and paper work involved in administering so large a building, I now have the opportunity to spend a great deal more time on observation and supervision in the classroom.

Our Music Department, under the direction of Mr. Calvin Schraga, continues its fine work. Mr. Nicholas Tgetis is our new vocal instructor. Our monthly assemblies have been most successful due in great part to the cooperation of the music department. The "Night of Music" Program, a demonstration of the musical accomplishments of our elementary school children, was most successful this past year. My sincere thanks to them for their fine cooperation.

I wish to thank the Grinnell P.T.A. for procuring a film-strip projector, previewer and cabinet. Their cooperation in all matters is most appreciated.

The Grinnell School share of the Pageant money has been directed toward the replacement of our 16 mm sound projector, an additional record player, an overhead projector, and a listening box for individual or small-group work with the record player or tape recorder.

The Educational TV Programs through Channel 11 continue to be a part of our curriculum. Programs viewed are scheduled on a weekly basis and are accompanied by study guides. Programs viewed are as follows:

- Grades 1-3 - Primary Music and Phonics
- 1-4 - Children's Literature
- 3 - Science
- 4 - New Hampshire (Social Studies)
- 5 - Natural Science

I wish to take this opportunity to thank Mr. Henry Barrieau, owner of Kans Bus Lines, and his drivers for their assistance. The School Board, with Mr. Barrieau, have made a thorough study of the bus situation and have consolidated bus stops and made other changes to help ease the time element for all children concerned.

I thank Mr. John Cooper of the Highway Department and his aides for their assistance, and Mr. Gerald Cox, Recreation Director, for his concern in providing recreational opportunities for the children.

Finally, I would like to express my sincere thanks to Mr. Robert Dolph, Superintendent; Mr. Ira Stickney, Assistant Superintendent; the Administration Staff; the Teaching Staff;

Mrs. Claire Eddy, School Nurse; Mrs. Helen Riddervold; the School Custodians, and the Cafeteria Staff for their most helpful cooperation.

Respectfully submitted,
Anastas S. Christo, Principal

REPORT OF THE FLOYD SCHOOL

To the School Board and the Superintendent of Schools:

During the summer the customary cleaning and repairs were carried out together with the refinishing of the floors and the painting of some dados and blackboards.

The long range plan to entirely refinish one room each year was begun. A first grade room was chosen because of the condition of the floor. The walls and woodwork were painted in two shades of green and green tile laid over a plywood floor. The room is most attractive, appearing larger and lighter.

The girl's and boy's basements were painted as was the cafeteria. They too seem larger and lighter. Storage cupboards were built to hold supplies for the Hot Lunch Program.

In the boys' basement the part formerly used for storage and custodial supplies was cleaned out and a new partition erected. Built into the partition are closets for storage of paper and custodial supplies. It will also serve as a sound barrier for the room behind it.

This room painted in a soft shade of rose, with tall bookcases at either end has served as a classroom for Remedial Reading classes conducted by Mrs. Higgins, and instrumental classes taught by Mr. Tgetis. The bookcases at either end are filled with sets of textbooks and reference books readily available as the individual classes need them. Closer space in all but two of the classrooms is scanty, and storing the books here has made available needed shelf space.

Movable bookcases with sliding doors were built and placed in six of the rooms. One of the teachers uses hers as a peninsula, forming on one side a space for reading groups, on the other a library corner.

The former coal bin is being converted into storage space for large custodial supplies.

The upper and lower halls were painted white with tan dados and woodwork.

Loam dumped on the grounds in front of the school was raked over during the Fall and this Spring a lawn will be started there. It is planned to extend the hard surface of the driveway slightly beyond the site of the fuel oil tank to provide for oil deliveries.

In addition to teaching the Remedial Reading classes three days a week, Mrs. Higgins has visited reading classes in the various rooms and conferred with the teachers on special reading problems. She has also conducted several conferences for teachers of Derry.

We have participated in the classes on Educational TV as in the past, and the usual observances of Holidays have been carried on.

In the area of textbooks, revised editions of the basal reading series were placed in the second grades. The Modern Arithmetic Series published by the Silver, Burdette Co. is replacing the present books and Grades one and two are using them this year. New Basic texts in the Social Studies, Science and Music are also in use in all four grades. These were on display during Education Week and will also be on display at the Spring Open House.

Other activities carried on are detailed in other reports. The staff of the Floyd School wishes to express their appreciation for the cooperation and assistance given them by the administrative staff, school department personnel, and the P.T.A.

Respectfully submitted,
Martha Moore,
Principal

REPORT OF THE HOOD MEMORIAL SCHOOL

Hood School opened this year with grades six, seven and eight. The sixth grade on a temporary basis only.

Grade eight may take Algebra for credit at Pinkerton Academy, credit based upon satisfactory work in the course and teacher recommendation.

French, offered this year to one group of seventh graders will be expanded to include one group of eighth graders for next year. Satisfactory work and teacher recommendation may result in credit for French 1 at Pinkerton.

Reading appears to be a big problem, and, while achievement is not what it should be, plans are in process for improvement in this area.

I wish on behalf of the teachers, and personally to thank Mr. Dolph, Mr. Stickney, and the School Board for their help and cooperation this year.

Respectfully submitted,

Leonard L. Littlefield
Principal

REPORT OF THE READING PROGRAM

The boys and girls we teach today belong to the most highly educated generation in the history of the world.

From the newspapers, books, television screen and advertising billboards come different impressions to our children shaping their thinking and moulding their characters.

In order to understand the message from the printed word the child must read well. During the fall of 1963 a survey of the reading program from Grade 2 through Grade 6 was completed. This survey was administered in order that strengths and weaknesses at all grade levels in the elementary grades could be identified. All children were initially tested with a standardized test, the Gates Basic Reading Test. The results of this study provided meaningful information used in classroom grouping and organization of groups in remedial work in early identification of reading difficulties, special class learning and methods of teaching reading.

Inservice work with teachers has included group meetings of teachers at all elementary levels to which substitute teachers were also invited.

A meeting of this kind is carried on as a workshop which includes:

- the purpose of the basal reader
- study skills
- group organization
- techniques

Frequent conferences with principals and teachers include the working of the inservice program, the report of pupil progress, textbook use, suggestions for certain changes in the reading program and suggestions for particular students. Demonstration reading lessons have been given at all levels for participating teachers in the classrooms.

A special workshop on phonics will be provided in January to prepare for the improvement of reading. This plan follows a three-week period with all teachers from the fourth grade through the sixth.

A pilot program in the teaching of the Phonovisual Method is being operated in the primary room at the Derry Village School.

Early in September and October individual tests, the WISC and Stanford Binet, were administered to students being screened for the Special Class.

This is certainly a period of challenge, one in which it is

my pleasure to be associated with the administration in the Town of Derry, Mr. Robert Dolph, Mr. Ira Stickney, the Principals: Mrs. Alice Follansbee, Mrs. Martha Moore, Mr. Anastas Christo, Mr. Leonard Littlefield, and the teaching staff. It is gratifying to work with a professionally competent group who has a desire for improvement in education and for the concern of our boys and girls.

Respectfully submitted,

Helen T. Higgins, Reading Consultant

REPORT OF THE SPECIAL CLASS

The School Department in Derry has for the first time established a Special Class. The class is located at the Hood Memorial School.

A Special Class must meet certain standards for approval by the State Department of Education. Some of the standards are as follows: the maximum class size shall be fifteen pupils for self-contained classes at the elementary school level, the State Department reserves the right to examine each class situation to determine a suitable program of instruction and every teacher of an approved class for the intellectually retarded must hold an appropriate teaching credential issued by the State Department of Education and have received instruction in specified special courses.

The curriculum is organized in three areas: 1. academic subjects; 2. non-academic, learning experiences; and 3. social and personal habit training.

The academic subjects taught are reading, arithmetic, and oral and written language, all of which are correlated closely with activities. Social and personal habit training includes a wide variety of instruction in items, such as cleanliness in personal habits, how to keep materials in order, being truthful, being a good sport in play, and showing respect for people and property. The intellectually retarded child requires instruction in areas which are often omitted entirely from the standard course of study in the elementary school.

Derry has recognized the problem of the mentally retarded child and by the establishment of a Special Class has fulfilled its basic responsibility toward the individual -- to help him assume his rightful place in the community.

I want to thank Mr. Robert Dolph, Mr. Anastas Christo, Mrs. Claire Eddy, Mrs. Helen Higgins and Mr. Leonard Littlefield for their help and cooperation.

Respectfully submitted,

Linda E. Gradual

REPORT OF THE SCHOOL NURSE-TEACHER

The Easter Seal Agency of Manchester was kind enough to donate their services of two speech therapists plus a hearing specialist to come to Derry for the purpose of surveying our speech problems in the schools. The whole Supervisory Union was considered in this function. The evaluation team met at Grinnell School on June 3rd and evaluated 76 children from Derry and surrounding communities. 17 children were not evaluated due to lack of time. The Easter Seal Agency, in donating their specialists, saved the towns approximately \$100 which is usually the fee for the team.

The children examined were mostly those with very noticeable speech defects. Many more in the classrooms could have been listed for evaluation but due to the one day survey it was impossible to have all children with defects seen by the therapists.

As I stated earlier 76 children were evaluated and 68 noticeable defects were found. The agency's recommendation for the community was a full-time therapist, or at least a part-

time one for Derry alone. 12 of our children were seen at the Manchester Center during the summer for re-evaluation. These children were ones with very severe defects. They were placed on the waiting list and as of this writing, none have been placed on the speech therapist's regular schedule.

This is very understandable as the Manchester Rehabilitation Center is now working with two therapists. The Center services the whole state except the seacoast area. Until this year we have been very fortunate in arranging appointments for several of our children.

It seems apparent now that it is our own responsibility of giving these children the proper instruction which is so important to their physical well-being. As the child becomes older he normally reverts back into a so-called shell. He may not voice his opinion in class or do oral work due to his speech defect which he himself realizes at this time. Most of all it may change his whole personality. Deep thought must be given to this situation that prevails in our schools and what we can do to help these children.

I visited Crotched Mountain Rehabilitation Center several times during the school year to attend a workshop and to observe the skills of our handicapped children. When the handicapped child returns to his home the School District is responsible for his education until he is sixteen. At present we have one child enrolled there in the pioneer project of complete education for the handicapped. This child would be unable to enter our schools at present due to a severe physical handicap. This is the first time such a project has been taken on at Crotched Mountain.

Many visits are made throughout the year to the families of the handicapped, usually with Miss Bullock, State Physical Therapist. Conferences are held with psychologists and psychiatrists who examine our children at the guidance centers. The Nurse-teacher is usually invited to attend all conferences when the cases are being reviewed.

Principal-teacher-nurse-parent conferences are held almost daily in our schools. I am assuming that many people think of the school nurse-teacher as one who administers first aid, tests vision and hearing. This is only a small portion of the duties involved in today's school nurse teaching.

178 visits were made to families throughout the year.
435 visits were made to the schools.

Vision

1120 pupils examined
66 defects noted
62 corrections made

Hearing

1126 pupils examined
66 defects noted
64 corrections made

Heights and Weights 1145

	<u>Communicable Diseases</u>
Measles	11
Chicken Pox	92
Mumps	36
Pediculosis	4
Scarlet Fever	7
Impetigo	9

	<u>Clinics</u>
Pre-School	96
Mental Hygiene	9
Convulsive	1
TB Patch test	600
Orthopedic	3
Speech	6
Dental	86
Chest X-rays	83

As of this school year our school board adopted a health program for all school personnel:

Chest X-Rays every three years for everyone

Bus drivers must have a yearly physical and eye examination

Cafeteria workers must have a stool culture

Our school dental health program, in conjunction with the State Dental Program, initiated in our elementary grades three years ago, has proven very successful. In 1962, 25% of the children visited the dentist. Last year 40% of our pupils had dental care.

I would like to express my sincere thanks to all school personnel, district officers and our local organizations for their ready and willing cooperation.

Respectfully submitted,

Claire L. Eddy
School Nurse-teacher

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

September 23, 1963

The School Board
Derry Cooperative School District
Derry, New Hampshire

Gentlemen:

Submitted here with is the report of an examination and audit of the accounts of the Derry Cooperative School District for the fiscal year ended June 30, 1963, which was made by this Division in accordance with your request. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets - June 30, 1962-June 30, 1963 (Exhibit A)

Comparative Balance Sheets as of June 30, 1962 and June 30, 1963, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$8,915.85 during the fiscal year ended June 30, 1963.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

	Decrease in Net Debt	
Bonds Paid	\$15,000.00	
Net Budget Surplus	<u>4,827.58</u>	\$19,827.58
	Increase in Net Debt	
Notes Issued	\$10,000.00	
Decrease in Accounts Receivable	<u>911.73</u>	10,911.73
Net Decrease		<u>\$ 8,915.85</u>

Comparative Statements of Appropriations and Expenditures- Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1963, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net unexpended balance of appropriations of \$6,614.93, less a revenue deficit of \$1,687.35, resulted in a net budget surplus of \$4,827.58

Summary Statement of Receipts and Expenditures (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1963, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1963, is indicated in Exhibit F.

Statement of School Lunch Account: (Exhibit G)

A statement of the School Lunch Account is contained in Exhibit G.

Statement of Long Term Debt: (Exhibit H)

A statement of the outstanding long term indebtedness of the School District as of June 30, 1963, showing annual debt service requirements, is presented in Exhibit H.

Statement of School Tax Account: (Exhibit I)

A statement of the School Tax Account with the Town of Derry is included in Exhibit I. As indicated therein, as of June 30, 1963, the School District had received from the Town the total amount of the 1962-63 School Tax \$474,445.51.

GENERAL COMMENTSCurrent Deficit:

The current deficit (excess of current liabilities over total assets) decreased from \$9,997.27 to \$6,081.42 during the fiscal year ended June 30, 1963, as shown by the following statement:

	<u>June 30, 1962</u>	<u>June 30, 1963</u>
Total Assets	\$ 2,776.82	\$ 3,949.63
Current Liabilities	<u>12,774.09</u>	<u>10,031.05</u>
Current (Deficit)	(\$ 9,997.27)	(\$ 6,081.42)

Conclusion

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Derry Cooperative School District for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler

NEW HAMPSHIRE DEPARTMENT OF EDUCATION
SUPERVISORY UNION BUDGET

Supervisory Union #10

The Supervisory Union Board voted at its annual meeting to appropriate \$39,076.74 including \$5,250.00 as the State's Share of the Superintendent's and Assistant Superintendent's salaries for the operation of the Union. The distribution of the Union's share of \$33,826.74 for salary and other expenses among the constituent districts is indicated below:

ITEM	TOTAL	Shares from State	Share from Supv. Union	Amounts to be paid by Districts				
				Auburn 10.3%	Chester 8.1%	Derry 50.4%	Londonderry 16.5%	Windham 14.7%
Supt. Salary	\$9,050.00	\$2,750.00	\$6,300.00	\$648.90	\$510.30	\$3,175.20	\$1,039.50	\$ 926.10
Supt. Travel	1,000.00		1,000.00	103.00	81.00	504.00	165.00	147.00
Asst. Supt. Salary	8,000.00	2,500.00	5,500.00	566.50	445.50	2,772.00	907.50	808.50
Asst. Supt. Travel	500.00		500.00	51.50	40.50	252.00	82.50	73.50
Office Staff Salaries	7,592.00		7,592.00	781.98	614.95	3,826.37	1,252.68	1,116.02

SCHOOL BUILDING SURVEY COMMITTEE REPORT

This report is an outgrowth of article 6 in the 1963 School Warrant which required a building committee be chosen to appraise the present student housing situation and then make recommendations as to a new building program if necessary. It must be pointed out that a survey committee is needed prior to a building committee and the appointed committee appropriately began a survey. This survey has not been completed and this must be considered as a preliminary report.

Initial inquiry has shown that the primary grade population in Derry has been growing for a decade and most significantly during the past five years. Sixteen school rooms have been added during the past eleven years in Derry and they all are in use every school day. An important fact is that eight of these rooms are in a private system being supervised by the Saint Thomas of Aquinas Parish. In past years this school has taken a portion of the student population growth, but with an average of more than 39 pupils/room they cannot absorb many new pupils. This parish has no immediate plans for expansion of its school plant; therefore, if Derry's growth rate remains the same as in the past few years it will feel the added pupil population more acutely in the public schools than in preceding years. School records as of October have shown that an overall public grade school increase has been 27 pupils per year averaged over the past five years. The increase during the past two years has been more than 50 pupils per year. At present we have 1048 pupils in thirty six class rooms which when broken down shows nineteen rooms with thirty or more students and seventeen rooms with less than thirty pupils. The smallest classes have 24 students while the largest classes have 36 students. This does not include the class for special children. Although an upper limit on the number of pupils per classroom is still to be determined, thirty students in each room is a comfortable maximum leaving some expansion possible in our school system. A single year's projected growth would place the average number of students per room at 30 with a number of rooms containing 40 or more students. Thus, we have about a year to fully access the school building needs and then take the appropriate action, but we must not tarry too long! In the meantime temporary classrooms in auditoriums and private facilities can be utilized as the need arises. This can become necessary when a particular class is populated to a greater extent than its previous years enrollment. This is a difficult situation to cope with and is in addition to the random additions to the total system which is generally discussed above.

The Superintendent of Derry schools has accessed the classroom needs for the 1964-65 school year. He feels that a new third grade at Grinnell school is necessary and that an additional first grade may be needed based on the census taken by the Junior Women's Club. Furthermore, he has pointed out that a continuing problem exists at Hood School where the library is used as a classroom and the shop and home economics rooms are already serving a double purpose as study and homerooms. The point here is that under present usage the existing facilities are being taxed to the limit and future expansion is only possible by using the auditorium. The Derry Village School presents a problem with two grades per room and with no space for future growth. At present the overall school system can take the growth from this area until a satisfactory solution of all of the Derry school system can be found. The committee realizes that the Derry Village School must be maintained by a proviso made when the Cooperative district was formed in 1952 and due consideration will be given to this group, but it must be understood that the needs of the total town must be considered for the most equitable solution for all.

Finally, the committee has some information which indicates the community growth has been largest in south and southwest Derry which still has much room for future

expansion. East Derry has a good potential for growth but has expanded at a much slower pace than southern section. Derry Village has grown in spurts, and still has growth potential. West and North sections have potential but have shown little activity to the present time.

The student population growth has not been related to the community growth rate or the birth rate and much of our discussion can only be related to trends that have some correlation to the school population growth. The survey is far from complete, but does lend itself to recommendations to the school board.

The committee does not recommend any specific new building or additions to present structures until a more complete survey is undertaken. It is recognized that the Derry Village area is perhaps the area of greatest immediate need, but it would not be proper to consider this area alone before the total problem in the town is understood. Hasty action by adding additions to present structures often proves expensive and does not solve general overcrowding for any length of time. This is especially true when there is room in other areas of the school system for additional students.

The Floyd School also presents a number of problems that exist or will exist in the near future. They have a poor tract of land for playground and future expansion. Classroom sizes limits the number of pupils per room to approximately 25 and the school building being old is badly in need of renovation.

The committee recommends the creation of a new building survey committee to complete the survey started by this committee.

It is recommended that the school board purchase suitable land for possible building sites. This land could be acquired in locations which would seem to be in growth areas. The State Board of Education recommends five acres for a new school plus one acre for every one hundred pupils.

It is recommended that the Alexander Park Area be considered as a possible school-playground location considering the population growth in the vicinity. This land was bequeathed to the town for a playground and a legal judgment must be made as to its possible dual use. The school-playground usage would seem to fit the original request very well.

There are many questions to be answered concerning the lay-school community so that an adequate appraisal can be made by the School Board on the needs of the existing and future school plants.

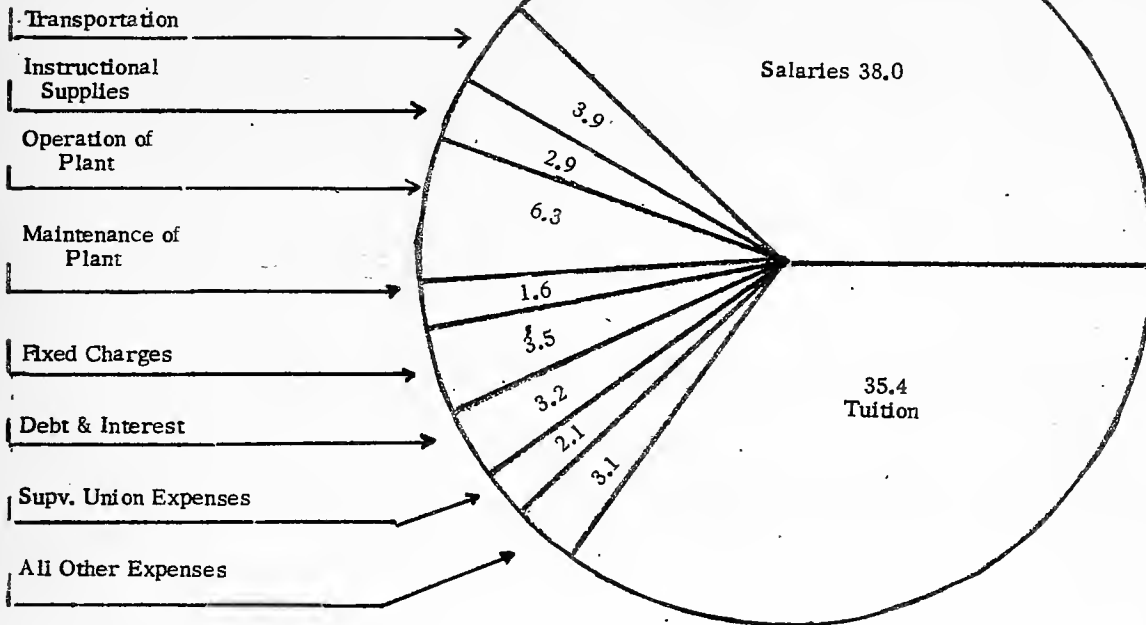

The prologue has been written and the future rests on the survey that must be finished during the next several months. Then the necessary action by the school board can be made with a building committee if necessary to efficiently house the primary grade population in Derry.
